

ANDY NUNN / SPEAKER KIT

Intelligence is becoming
abundant.

The ability to use it wisely is not.

Through behavioural psychology & live mentalism, audiences experience how hidden assumptions shape every decision helping leaders think clearly, decide confidently and act under pressure.

Choose what your audience needs most.

Each keynote combines behavioural psychology, live mentalism and audience participation, then connects the experience directly to your event theme and business objectives.

01

THE HUMAN ADVANTAGE

THINK CLEARLY. DECIDE CONFIDENTLY. ACT UNDER PRESSURE.

Ai can generate answers, but it cannot replace human judgement. Andy reveals how bias, assumptions and fear shape decisions - and where better leadership begins.

01

RECOGNISE BIAS

Spot hidden assumptions before they shape important decisions.

02

CREATE SPACE

Build a pause between stimulus and response.

03

ACT WITH CONFIDENCE

Move forward clearly when the stakes are high.

02

WONDERFULLY UNCOMFORTABLE

RETHINK CHANGE AND UNCERTAINTY.

A keynote on discomfort, resilience and taking action before you feel ready. Audiences learn to reframe the stories that make change feel difficult or overwhelming.

01

GET CURIOUS

Replace resistance with curiosity.

02

REFRAME DISCOMFORT

Treat discomfort as useful information.

03

TAKE THE NEXT STEP

Create momentum before confidence arrives.

03

SEEING ISN'T BELIEVING

CHALLENGE BELIEFS, BIAS AND MISINFORMATION.

A TED-style keynote on belief, perception, AI and critical thinking. In a world where images are easier than ever to manipulate, seeing is not always believing.

01

UNDERSTAND PERCEPTION

See how beliefs shape what feels real.

02

THINK CRITICALLY

Question AI, influence and misinformation.

03

CHALLENGE THE OBVIOUS

Reconsider what feels familiar or true.

WHY EVENT PLANNERS CHOOSE ANDY

Interactive, practical and memorable by design.

The audience does not just hear the ideas. They experience their own thinking in real time.
